Re: To all Jackson County Municipalities,

Our annual Appliance and Electronic Round-Up will be happening on April 20<sup>th</sup> this year, see enclosed flyer. We are doing the Round-Up the same way we did last year, again this year we are not using our own staff to work the day but instead will be using the staff provided by the company to pick up the items. This does not mean anything different for those dropping off items the day of, but it does mean something different for the Towns who normally drop off items after the Round-Up day. We are asking that you collect your items, along with the \$10 per item fee, before the 20<sup>th</sup> and contact us to schedule a time to meet on either the 18<sup>th</sup> or 19<sup>th</sup> of April at the center located at 115 Harrison Street in Black River Falls.

If you have any questions, please reach out via email or phone.

Thank you,

**Rebecca Ayers**
